

HELPING OIL & GAS WITH
PIPE CUTTING & BEVEL
EQUIPMENTS

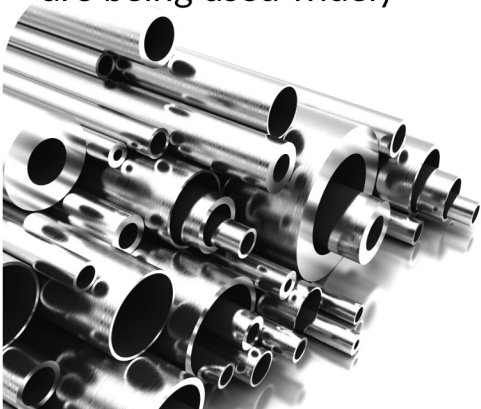

TWT ID SERIES
0.5" - 15" (12.7 - 381MM)

**ID MOUNTED
BEVELING
EQUIPMENTS**

EFFORTLESS BEVELING

TWT Internal clamped by self centering or auto centered pipe end facer and bevel applications by smooth process and effortlessly by manual feeding, Industries like Heat exchangers, power plants, Air conditioning and refrigeration are being used widely

OVERVIEW

Applications like cold beveling without sparks mostly covers any type of materials, ID clamped and auto centered beveling machines starting from 12.7mm(0.5") up to 382mm(15") light weight and fast feeding. Design gun type to use in ease and handling and comes with options to choose from Electric and hydraulic drives. Different types of ranges covers 15 inches.

OUR SERVICE

Weather it is facing application or beveling applications, TWT has consumables covering applications of 90 degree facing tools, 30 & 37.5 degree for beveling applications.

TWT can work on the customization on the sizes if required.

MODEL NO	RANGE	RPM	MAX THK	POWER
TW-ID1	12.7-24MM	280	5MM	1.3HP
TW-ID-2	28-48MM	280	5MM	1.3HP
TW-ID-3	28-76MM	53	≤15	1.43KW
TW-ID-4	45-105MM	34	≤20	1.43KW
TW-ID-6	60-170MM	34	≤20	1.43KW
TW-ID-8	60-203MM	28	≤20	1.8KW
TW-ID-12	150-330MM	14	≤20	2KW

ELECTRIC

ELECTRIC MOTORS

Electric motors are very popular as common used by the end users, 220V 1 Phase. Available in 0.75KW and 1.43 KW. Additional motors applicable if the sizes are big.

PNEUMATIC

PNEUMATIC MOTORS

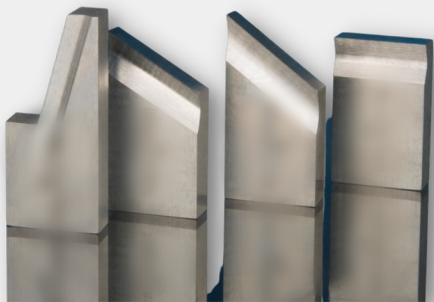

Pneumatic motors are explosion proof and are consistent performer, 52-70 CFM or 0.63 - 0/8MPA required, comes with an option of 1.1 HP and 2 hp motors.

DRIVES

Tool selection

A wide range of tools available to choose from Facing tools -
Bevel Tools - Compound Bevel tools

BT30	Standard bevel tool 30 deg	single side bevel 22x8x40
BT37.5	standard bevel tool 37.5 deg	single side bevel 22x8x40
FT90	Facing Tool 90 deg	single side facing 22x8x40
CBT1030	Compound bevel tool 10x30 deg	Single side Compound Bevel Tool
CBT1037	Compound bevel tool 10x37.5 deg	Single side Compound Bevel Tool
